

## GOLF COURSE UPDATE

We are enjoying the cooler weather now which is great for golf and healing of the greens following aerification. The extended forecast is predicted to be a mild winter.

This winter we will be working on equipment maintenance, keeping the course clear of leaves, tree and stump maintenance, complete 14 bunker, and drainage.

We are working on placing a bench on 5 red tee complex. Tucker Keyes constructed the bench and Zach Anderson assisted with placing it next to the tee. We are waiting on the tee sign to be made but it will be there soon. We had a good year for the swimming pool and it is time that we let it rest for the winter. We have plans for some

improvements to the pool and surrounds for the 2023 season.

The cooler temperatures this fall will slow down the growth of the grass and eventually put it into a dormant state. At this time the top growth decreases but the rebuilding process in the roots begin to help build energy and store it for the plant to use during the high stress periods next year. Please scatter your carts during this time to avoid wear patterns in the turf. With the cooler temperatures along comes FROST! If you have questions when the course will open due to a frost delay please feel free to call the maintenance department. The pro shop will be updated as well. It is important to keep everyone off the turf when the plant is froze to

avoid internal cell damage. Any damage that occurs to the plant while its dormant will be visible until spring.

Remember to keep your carts at least thirty feet from the putting greens and use the cart paths whenever possible. Enter and exit bunkers on the lower sides to prevent sand from shifting off the steep slopes. Sand and seed bottles are at the pro shop. If you have any questions or comments please stop me on the course or call me at the maintenance facility.

Thank you,  
Mike Waisanen  
*Golf Course Superintendent*

## LEADER BOARD CONNECTING MEMBERS

RED WOLF GOLF CLUB      OCTOBER 2022

We welcome another beautiful fall at Red Wolf and in our Valley. I hope you have all had a great summer of golfing and are ready for cooler play. We have had an excellent tournament season and hope we have a good finish to the year. I want to take some time to reflect on some changes that will take place in the clubhouse. This summer Kurt Simmons took up some of the duties previously held by Mr. White Temple and will formerly take the position of Golf Club Supervisor. Also, Keith Kipp will continue his pursuit of

PGA Membership and will step into the role of Golf Professional. We are dedicated to continuously improving how Red Wolf manages the golf operations, membership value, and shop operations and those efforts should be highly visible in the months to come. We hope to greatly improve our membership experience on and off the course, so please look for these new opportunities and jump all in.

The simulator is fully installed and we are ordering a calibration mat to ensure everything is 100% effective before availability, then we will be opening that up to members and public. We are increasing the benefit to 50% off for Full Golf Members, so the \$50/hr. rental charge to the public, is \$25 to the Full Golf members. We hope this is a great source of entertainment for members as well as a fantastic technical training tool for those looking to improve their handicap.

*Continued on inside ...*

October 1st & 2nd (Saturday and Sunday)

**OPEN**

9 am tee times

October 8th (Saturday)

**Western Construction Scramble**

(FULL) - 9 am Shotgun

From front cover:

As always we are always working towards making Red Wolf the best damn golf course and club in the valley for years to come. We should have our cart order fulfilled soon, that will be a nice addition for our course and tournament operations. Ask about cart leasing to get unlimited use of our hot off the press 2023 EZ-GO carts. Also, look for announcements for improvements on course and facilities soon to be announced.

Thanks, Shelby Leighton,  
Business Operations Director

**THANK YOU MEMBERS**

Saturday the 17th @ 6:43pm, Red Wolf member Bob Moomey calls to notify us we have a prowler trying to break into our maintenance shop. Tribal police & Security was called, along with 911. Thanks to Bob's quick call, the Asotin County Deputy was able to locate & apprehend the prowler. We would like to thank all of our members, NOW just stay on the carts paths, fill your divots & fix your ball marks.
