

LEADER BOARD CONNECTING MEMBERS

RED WOLF GOLF CLUB

NOVEMBER 2024

Dear Members,

As the golf season winds down, we want to take a moment to thank you for your continued support and participation throughout the year. It's been a memorable season full of fantastic rounds, events, and camaraderie, and we couldn't be more grateful for the Red Wolf community.

Pro Shop Check-In

As we look ahead to 2025, one of our goals is to track

rounds more accurately. We kindly ask that you check in at the Pro Shop before each round, even if you're walking or playing a quick nine. This will help us ensure accurate tracking, which will improve our operations and provide a better experience for all.

Winter Shotgun Starts

Beginning this December thru January, we will be introducing **shotgun starts every Saturday and Sunday** throughout the winter season. These shotgun starts will

give everyone a chance to play in the best available conditions, regardless of the time of day. It's a great way to battle frost delays during the off-season. More details on the exact start times will be shared soon, so stay tuned!

Black Friday Sale

Mark your calendars for our **Black Friday Sale November 29 - Dec 1** in the Pro Shop! This is the perfect opportunity to grab some holiday gifts for yourself or the golfer

in your life. From apparel and shoes to clubs and accessories, we will be offering great discounts. Don't miss out on the deals, and stop by to check out our selection!

As we transition into the winter season, we encourage you to continue visiting the club and taking advantage of the winter-friendly

activities we have planned. We look forward to seeing you on the course or in the shop soon!

Best regards,

Keith Kipp

LOUNGE HOURS

Monday Closed
Tuesday - Sunday
Open at 11 am

Note: In the event of special parties, functions or large groups of members, the cocktail lounge hours will be extended to accommodate the membership. However to comply with the state laws, Tuesday thru Saturday may not exceed 2 am and Sundays may not exceed 12 midnight.

GOLF COURSE UPDATE

The cold weather and frosty mornings are finally here. October gave us a little bit of an extended summer, but it might be time to throw the doors and propane heaters in your golf carts. The leaves are starting to fall in bunches and we have been out cleaning them up as fast as we can.

If you've been out playing you may have seen the work being done on #3's bunker. Over the years sand had piled up on the top edge of the bunker from players hitting shots. After 30 years, the front edge has become foot taller than when it was originally designed. Over the last couple weeks, we have been removing the sod and sand from the front edge to restore the bunker back to its original design. We will also slope the bottom of the bunker

in a way that your ball is less likely to finish up against the front lip of the bunker, and add all new sand.

We have a lot of projects planned for the next couple months. After we finish working on #3's bunker we will do the same type of restoration to the bunker on #8 with the goal of shaping the edges in a way that water does not run off so easily, keeping the grass from getting dry. We will also be working on sprucing up the entrance to the clubhouse and replacing the Red Wolf sign by the practice green that blew over in a wind storm.

We want to remind you that it is very important that golf carts stay on the cart path when around the greens and tees, especially as temperatures get colder, to limit

compaction and matting down of grass. Please remember to fix ball marks on the greens and fill divots with sand and seed. We love getting to see the community enjoy our wonderful golf course. If you have any questions or comments don't hesitate to stop me on the course or call me at the maintenance facility.

Thank You,
Tucker Keyes
